February 14, 2007

Dear Alan and Neal,

Thank you! Thank you! Thank you! From the bottom of my heart, thank you.

Nearly 10 years ago you met with a small fledgling group who wanted to explore the possibility of opening a Catholic elementary school in Naperville, Illinois. With your guidance and expertise we were able to create an overwhelming case and present it to local leadership. Today there is still the occasional reference to "The Meitler Study."

After years of hard work by hundreds of volunteers All Saints Catholic Academy was established. In August of 2005 the first 280+ students walked through the doors. Enrollment this year is 396. Enrollment for 2007/8 school year is projected to be about 500. We are adding on to the facility this summer to accommodate the growing need. We anticipate the construction of a second building in the near future in the hopes of accommodating over 1000 students each year.

Reflecting on the past 10 years I often express prayers of thanks for the many people who made this possible. You were there at the very beginning. Our little group had great ideas but no knowledge of how to move forward. You directed us to a path and escorted us in the early days. Because of those early efforts thousands of children will enter into a Christ-centered learning environment. Generations of children will be impacted by the work begun 10 years ago. We were blessed to have you leading us in those early days.

If you ever find yourself in Naperville please stop by to see the fruits of your labor. You will be amazed. Or perhaps you will visit our website at www.ascacademy.org.

With a grateful heart,

Molly Fara

"Education is not the filling of a pail, but the lighting of a fire."
